WORKING ON

FRONT END

HTML - CSS - BOOTSTRAP

- I've done lots of work with HTML CSS and I'm familiar with bootstrap. I have a good idea about the bootstrap grid and much more.

BACK END

PHP - OOP - Laravel

- I am working on the PHP language.
- I did the varsity project Teacher Rating System using the Laravel framework. I am using MySQL with the project.

TRAINING

REACT JS COURSE

LFWF Academy | (6 month course) | continue

- LFWF-Academy is an online learning platform from which I have started the JavaScript Paid Course (Continue).
- This is a six-month course where I am learning from Basic JavaScript to Reactjs.
